

L3PILOT APPLICATION
TRAFFIC JAM CHAUFFEUR

**10
HOURS
A WEEK**

**Again, stuck in a traffic
jam, like every day.
I AM SO TIRED OF IT.**

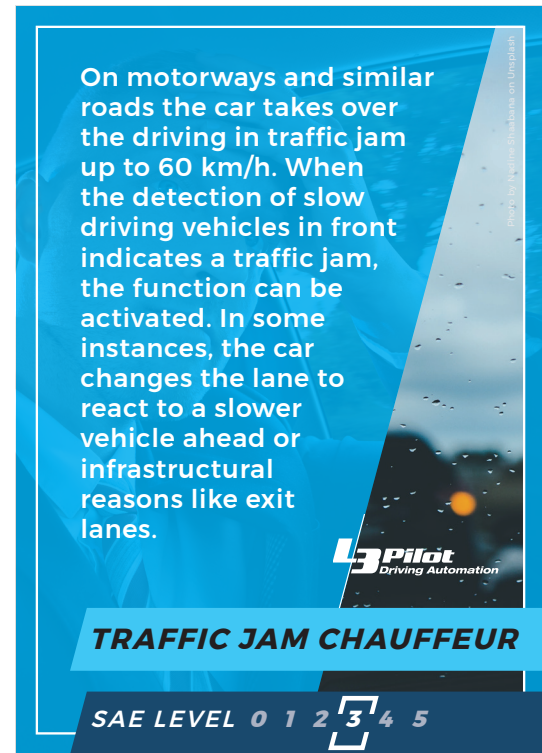

Depositphotos

The L3Pilot Traffic Jam
Chauffeur relieves you from
exhausting, manual driving
during traffic jams.

RELAX AND
USE INFOTAINMENT
FUNCTIONALITIES

Photo by Nadine Shaabana on Unsplash

On motorways and similar
roads the car takes over
the driving in traffic jam
up to 60 km/h. When
the detection of slow
driving vehicles in front
indicates a traffic jam,
the function can be
activated. In some
instances, the car
changes the lane to
react to a slower
vehicle ahead or
infrastructural
reasons like exit
lanes.
